Office of Transportation, Laurens R. R. S. C., Aug. 4, 1853. J. C. Aykr. Dear Sir,—My little son, four years old has just recovered from a severe attack of malignant Scarlet Fever, his throat was rotten, and every person that visited him, pronounced him a dead child. Having used your Chear Personal in California, in the winter of 1850, for a severe attack of Bronchitis, with entire success, I was induced to try it on my little boy. I gave him a tea-spoon-full every three hours, commencing in the morning, and by ton o'clock at night. I found a decided change for the better, and after three days use, he was able to cat or drink without pain.

Its use in the above named disease will save many a child from a premature grave, and relieve the anxiety of many a fond parent. For all affections of the Throat and Lungs, I believe it the best medicine extant. A fooling of the shoepest gratitude, prompts me in addressing you these lines,—but for your important discovery, my little boy would now have been in another world.

[ADVERTISEMENT.] [For the Commonwoalth.] The Shelby College Bill. FRANKFORT, Kv., Feb. 22, 1956.

Six:—There is at present an angry controversy going on in the "Commonwealth," between two writers, over the signitures of "Spectator" and "Vindex." I am ignorant of the identity of extent these analysmost fellows. eit ier these anonymous belligerents. But as a citizen of Shelby county, whose people are vital ly interested in the bill for the relief of Shelb llege, passed by the Senate, I feel constraint notice some misrepresentations .- (politenes been industriously circulated by the feed and "re tained" attorneys of WALTER GREGORY, the lot

"Spectator" seems to think that unusual efforts have been made to pass this bill; and intimates log-rolling on the part of its friends. Now, as one intimitely connected with this applies. tion of the Trustees of Shelbyville for a restoration of the lottery resources of Shelby College or a sufficient length of time to meet the debt and accountalisted interest now encountering that Institution, and incurred on the faith of the act of 1847, and in a position to know all the move ments of its friends, I say, that, so far as my infor mition extends, the stitement of "Spectator," that "its friends have linked its destinies with that of several others now pending before th Legislature, some of which propose to drain the Treasury of large soms," is fulse. On the contrary, I know that a triend of the bill refused to exchange votes with an opponent, when the me is-ure he was skel to east his vote for was purely loct, and involved no sacrifice of principle and the people of Shelby county ask no relief except so fir as the justice of their cause de mails. Sustained by this alone, the fiereest op-position ever encountered by a local measure has teen overeame in the Senate. Only on the mo House. If intrigue was our only means, it would be presumptions for our citizens, maskilled as they are in nolitical manipulations, to dream of triumple, when opposed by the strangest combina tion that ever attempted to control the legislation of a State.

"Spectator" uses the following Language in his article: "We are credibly informed, that the managers of Saelby College sold the privilege which they obtained under the act of 1837. This is the stroke of a veteran intriguer. If he had not denied being the "retained agent o Walt in Gregory," it would have been regarded as the argument of counsel for the defense re will only assume him to be the nobought his benefit. However, this is not the only aspect of chicane, that the statement bears upon its face Notice that the "managers of Shelby College definite number of individuals who have risen culminated, and set, during the whole period of its acidemic history. Tie Trustees of the town do not propose to be bound by any contracts made y parties having no authority to make such cou riets. This part of "Spectator's" communica-ion is then answered, by saying, that the indi-iduals who alone had the authority to sell the lattery privilege, granted by the act of 1-37,—as the friends of Shelby College construct hat act, and as some of the most distinguished lawyers in the State onstrue it,-NEVER DID SELL THE PRIVILEGE. 1 non-ys have been advanced by anybody, the remedy is obvious and easy against the person, or persons, to whom they were advanced; and no sach e insiderations can be connected, legitim ite ly, with the application of the Trustees of Shel

"Spectator" charges the friends of Shelby College with having drafted a bill designed to deceive the Legislature. This is an aspersion n the integrity of mon whose characters are cer Ruly as unsuffied as that of this anonyma scribbler, and is as false es it is malicious. We deny that the friends of Shalby College drafter my bill with the intention of deceiving the Le islature. We deny that the Senate was deceiv d. The bill offered as a substitute for the ten years act, rejected by the Sentte, was designed as a revisor of the old act, and nothing more -I'hongh not a lawyer, I am satisfied that it ean ot be construed otherwise.

I have deemed the foregoing notice of "Spec tator" demanded by every consideration of self-respect and personal honor. It is sufficient that ie interests of our town and county should b opposed by such inflaences as the gold of a Cincin ati capitalist has purchased, without the whole sale slan ler of those who have presented this measure to the Legislature of Kentucky.

While I am occupying a place in your col Mr. Woodson's Amendment,-It has been asked why the amendment of Mr. Treken Woodson's to he bill for the benefit of Shelby College was re used by its friends, it they were sincere in their professions that a revivor of the old act was only sought by the substitute offered in lieu of the original bill, once rejected by the Senate? easily answered:

1. To revive an set once repealed, the act ould be so restored as to have the same efficiency that it once possessed. Otherwise it is no recipor men linent gave the new minagers, appointed in hace of those named in the old grant, who have l died, no power to sell. This power was con ned in the old in in igers, personally, by the act f 1857; and no provision was made for its exerise by their successors. Therefore, without uch a grant to the new managers, the power to ell could not be exercised, and without this power the old act is ineffectual—for its most essentia eature is omitted. Therefore, Mr. Woooson' mendment was no revivor of the old act.

2. The only object of the Trustees of Shelby tille, who apply for this relief, is to raise sufficient means to pay the debt of Shelby College consequently they desire the *mn-diate* application of the proceeds to that purpose. An act approved Feb. 12, 1838, entitled, "an act for the occuping of Shelby College," directed its Trustee investiu stocks the moneys raised by the lottery lence, in order to accumplish the purpose memorialists, the provision in the bill direct ing the managers to apply the proceeds to the Ir. Woodsou's amendment serves it optionary Hence, the clause in the bill passed, "except ar as the provisious thereof may conflict with the provisious of this act." Again, there were acts amendatory of the original act—particular ly, the one approved February 1, 1538. Mr Woodson's amendment omitted the amendatory

acts. Therefore, it was not a revisor. 3. It is not contended, we believe, by an me, that the sections providing for the appoint ment of a commissioner, and the payment of tax, give to the bill any of the features of a new It has been said that the bill is indefinite Mr. Woodson's amendment is not more definite The amount to be raised by the old grant is limited to \$100,000. The provision for the appoint ment of a commissioner by the Styte, is to protec against any abuse in this direction by ascertainin when the amount is raised, and reporting it to th State. We deem the play on the word "re enact" puerile. No lawyer of respectable at tainments will contend, that "re-enact" means

more than revive. 4. It is asked why the friends of Shelby Col greeably mutual on the part of the citizens of stored the Frankfort grant? It might be replie that the Legislature should assemble here, then in God's name let us dissolve the partnership? I apprehend that would be mutual, and I for one am prepared to say for myself and my people, that I, and they are for the dissolution.

The content of are vanwellers the State Geologist or his assistants to eposit specimens of minerals, &c., in the clerk's vised Statutes, reported the bill from the Senate to amend the several laws in relation to peddlers, hereby repealed.

The amendment merely strikes out that clause and with \$14,000.

Senaturs on this floor have attempted to treat this proposition, as a jest, some even to a point still survived—having all the powers originally bordering on contempt. #### [ADVERTISEMENT.] For the Commeawoalth To "Vindex."

The burden of your song, as usual is the Frankfort Clique, alias Cabal, alias Coalition. I have too ligh respect for the members of the present General Assembly to suppose that their minds can be drawn off from the real points in issue by this elap-trap demagoguery. You obest that some of the citizens of Frank fort are eneavoring to defeat your infamons schemes, and ou charge that the ground of their opposition is holds, and which they have sold to Walter Greg ollege applied to the Legislature for the same et of 1837, the above Reverend gentleman was the city of Frankfort, as the agent and friend of Walter Gregory, endeavoring to defeat the ef forts of these institutions, and upon the veto he bill for the benefit of Bacon College by Gov. Helm, he expressed his gratification in letters to his friend Gregory. This fact cannot and will not be denied by "Viodex," who knows whether rend geotleman reconcile his hostility to Frank his ac's in reference to Bacon and Henry Colleges? Had not these institution the samrights that Shelby College had? The whol truth is that right and morality are different when viewed in reference to Dr. Waller and Shelby College from what they are generally regarded

Walter Gregory in an unfavorable light before the Legislature and the public. He is said to have treated Dr. Waller and Shelby College with creat injustice. He is said to have intended to ractice deception and fraud from the first mo nt of his connection with them. Let Dr ter to a certain gentlemen, under date of December 29th 1854, he used this language:

"Gregory and yourself have been such good friends of mine that I shall ever rejoice to hear

In a letter written as late as the 17th May, 1-55, to Gregory, he says: "I have this nou earned, with some surprise, from a friend of us between you and myself have been en ew days ago. I really was not aware of this act!" In a letter to Gregory, under date of November 17, 1549, Dr. Waller expresses grati-

confidence in the honor and integrity of Gregory, and in his liberal disposition and acts towards Dr. Walter and Shelby College, "Vindex" has the unblushing effrontery to speak of Gregory in severest terms as a fraudulent secundrel. Now of Gregory. I know nothing of his character.— ft may be bad—and I will say that I cannot respect very highly any man who would earn his avenhood by engaging in battery schemes. But question to you, Mr. "Vindex:" who is enti religious pro essions, and yet carries on lotteries a m n who professes to teach his fellow mer ght mind, is the worst species of gambling?

The not, as some ungracious pasters do, Show as the steep and thomy way to He yon, Whilst, like a puried and reckless libertine, flimself the primrose path of dailiance treads, And rocks not his own read."

never to do, viz: to settle the rights of parties by the examination and determination of facts which are controverted, and which the judicia epartment of our government should alone set--you wish them to decide whether various ontracts which have been entered into between "vested rights" have been violated or not These with other legal questions you wish deterernment. Had not all of these matters best be left to the Judiciary? If rights exist can they ot be asserted before that tribunal successfully o you say, the Legislature must nuthorize vo disregard the contracts that have been made th Gregory—uproot the whole affair—and per t you to sell to a Baltimore company who you have sold to Gregory and have been paid in ulvance for it \$3000. It does not matter upon what contract this advance was made. It was Gregory bought, and went towards the liquidation of the debts of Shelby College. This advance was made and received with the knowledge of the Trustees of Shelby College, because the las cecipt which Dr. Waller gave on account of the dvances is signed "William I. Waller, Agent of Trustees of Shelby College."

With these facts before the Legislature, Dr Waller and the Trustees of Shelby College, Rsert that Gregory has contracted with unauthor zed persons, and they retain the ndvances, while hey declare the contract under which they were eccived, is void. Shame upon such injustice indineous steney! It Gregory's contracts are noid, let the Juliciary say so, and the Legislature should do nothing which will affect that judicial question, and at the same time, disturb the rights of one who according to Dr. Waller himself has always been a liberal and true friend to Shelby

Your code of morals, Mr. Vindex, are such as the Your code of morals, Mr. Vindex, are such as to stink in the nostrils of every man having any regard for morality. You quote in terms of commendation an editorial from the Louisville Times, in which the benevolent institutions of the Oad Fellows, Masons. &c., in our land are begared to be based upon the same principle as tteries arc. That editorial says:

"In our benevolent societies, the same thing is found. Two handred men join together, and buy a contribution of \$10 each per year, with the underst nding that if one, two, three, or ten of their member are disabled, the joint find is to be given to their support; or if two or three of their number die, the remaining members are to take care of their widows and orphan chil-

In your anxiety that the Legislature may end e a Minister of the Gospel to gamble himself outof debt, you are willing to cast unjust imputations apon benevolent institutions which have done infortunate than any institutions of any kind which have ever existed, save that of the christian religion. You, sir, are entitled to the im-mortal infamy of comparing, for the first time, such institutions as the Old Fellows and Masons -to lottery schemes-which, as abstract pro positions, all must admit to be immoral wrong Injustice by the friends of Shelby Colege towards these institutions is not found alone approving this extract from a Lanisville paper.

In a letter died February 21st, 1-51, to Greg-ory, Dr. Wuller says, "I nm totally astonished that the friends of the Grand Lodge grant should have advocated the passing of the late grants.—

plans, it would be a just requital to east them over-board."

Oh! what a liberal man you are upon the present occasion. You wish all the lottery grants CORN AND COB MILL, that have been granted to share the same fate, and yet your Reverend leader was here before the Legislature of 1851, as the friend of Gregory ndeavoring to defeat the Henry College, Bacon

College, and Grant Lodge grants I should like to extend this communication urther, but I fear that the public are alrendy

wearied with this newspaper warfare. In conclusion, allow me to ask you again, Mr. "Vindex." how you progress with the coalition you have formed with persons having other measures before the Legislature? Will you deny this coalition? Are you not, besides, leagued with a Baltimore company to whom you expec to sell your grant if yon obtain it? Let Dr. Waller himself speak. In n letter to Gregory as late as December 11th, 1855, he says. "A highly aduntageous contingent arrangement has already cen made with other parties. If our just exand if you choose to enter into any conflicts about this business your controversy will be with

You pretend, Mr. "Vindex," to be represent ng, in this movement, the wishes and feelings of he people of Shelby county. You are assuredly nistaken upon this point. The real people—the onest, unsophisticated, simple-hearted veomanry f that county, cannot be in favor of licensing in iquity, rascality, and gambling. This is a movement on the part of Dr. Waller, his creditors, sureties, and lawyers, and them alone. The people no doubt concur in a preamble to one of our old statutes, as follows:

"WHEREAS, many pernicious games, ealled loteries, have been set up in this colony, which have a manifest tendency to the corruption of morals and the impoverishment of families; and whereas, such pernicious practices not only give ous, but may be productive of all manner of vice, lleness, and immorality, and against the com

Tis well known that there is great ecouomy in crushing or grinding the kernels of all grain before feeding it to stock, and that there is much nutriment in the cobwhon proporly broken or ground. STRAW-CUTTER QUESTION.

MESSRS. J. B. PORD&CO., of the city of New Albany, in the State of Indiana, claiming to be the owners of Sandford's patent-right to manufacture what is knewn as Sandford's Straw-Cutter, have seld the right to manufacture the same to various persons for certain prescribed territories, and they have warned the public against purchasing the Straw-Cutter manufactured by us. We have been for a long time satisfied that the so-called-Sanford patent is a fraud, and that it is void, being a palpuble piracy and infringement of the patent-right of John Boynton, which hears date 25th day of September, 1834, and has expired. We have been satisfied that the machine denominated Sanford's perfect Straw-Cuttor is constructed not according to the specifications contained in Boynton's and ell this has recently been decided to the U.S. Circuit Court for the Middle district of Tennessee. Some months since, we sold to B.S. Weller, of Nashville, several of the so-called Sanford Straw-Cutters, which were taken by him to the State of Tunnessee and there sold. Ch's M. Alexander claimed to be the assignee of Sanford's patent for the State of Tunnessee and there sold. Ch's M. Alexander claimed to be the nasignee of Sanford's patent for the State of Tunnessee and there sold. Ch's M. Alexander claimed to be the nasignee for Sanford's patent for the State of Tunnessee and there sold. Ch's M. Alexander claimed to be the nasignee for Sanford's patent for the State of Tunnessee and there sold. Ch's M. Alexander claimed to be the nasignee for Sanford's patent is void and a piracy on Boyntou's, and, as we hefore sald, court and jury so decided.

We are prepared, as heretofore, to furnish all orders for the Straw-Cutters manufactured by us, and to defeud any and every person in selling or using them.
